

# Meet the TEACHER

## A bit about me...

Hello 6ED - well you are 6ED now! I'm Miss Davies and you're in my class next year. ☺ This is my second year teaching in Year 6 and I'm really looking forward to it and to teaching all of you.

You'll soon find out I am a little bit Harry Potter mad and have read all the books lots of times! It isn't just the Harry Potters I like though, I enjoy reading lots of books and love buying new releases for my book area!

I also really like quizzes and learning new information -especially about Science or History, which also happen to be two of my favourite subjects!

## Next year I am looking forward to...

teaching about the heart and the circulatory system! It's really interesting as you find out all about how your heart pumps blood around your body! Also getting to know all of you a lot better!

## The rest of our year group team are...

Miss Roe,  
Mrs Walker,  
Mrs Smart and  
Mrs Smith.
