

Meet the TEACHER

A bit about me...

Hi Year 4, Mr. Smith here! I am your new class teacher in September! Some of you will have seen me around school and now a little bit about me but for those of you who don't, here's a few things you should know:

I am a huge sports fan and love to watch and play a variety of different sports. I am a big Notts County fan and have had a season ticket since I was 5.

I love to listen to music and enjoy a wide range of genres and artists.

I really enjoy cooking and I do all the cooking at my house. I love to make new things and especially like baking cakes and sweet treats.

Next year I am looking forward to...

teaching electricity. I think it's really cool that we can learn about something we use everyday but probably don't know much about. We even get the chance to make our own electrical circuit!

The rest of our year group team are...

Mrs Wilkinson
Mrs Cavill
Mrs Williams
