Get Ready with Cleopatra
To look as fabulous as me, follow these simple beauty steps. First, bathe in milk and honey to keep your skin nourished and soft. I scrub away the dead skin using sea salt and then I like to use crushed green grapes to give my skin a golden glow. I usually keep my makeup quite simple and natural. I crush up lapis lazuli stone to create a deep blue eye shadow base and then I add some sparkle with little chunks of gold pyrite.
Next, I make my eyelashes and eyebrows darker using charcoal and animal fat. Then, I just rub some red clay into my lips and cheeks and I'm ready to head down to the pyramids for the day.

3. Why wasn't this a kind thing to do?

Next, create a poster about how when we write or post something online, we must always think about how we might make other people feel. You can use paper for this or alternatively, on Purple Mash, you can use 2Publish: Blank Template to create this.

Weekly Learning Project

Design a Roman Villa. This could be a 3D project using cereal boxes and other suitable waste materials or you could simply draw your villa on paper. Have a go at labelling the different features you included inside for example you might want to include some of these: mosaics, baths, indoor plumbing, exercise rooms, courtyards, servant's quarters and gardens. You could also include other things not listed, in your villa.

Need some ideas? Look at the photos on the following page.

Listen carefully, with your eyes closed to any sounds you can hear. After one minute, open your eyes and write down everything you heard.
